

Legacy Mobile Banking Setup Instructions

Once the Legacy Mobile Banking app is installed on your device, tap the Accounts button to display the log in screen.

The Log In Screen will appear. All mobile banking users will need to create a new User name and Password for mobile banking, so tap the **"New Mobile User? Tap to Register"** button.

Legacy Mobile Banking Setup Instructions

Tap the New User on the following screen.

The screenshot shows a mobile application window titled "Mobile Banking" with a close button (X) in the top right corner. Below the title bar, there is a block of text: "Choose 'Existing User' to enter current Internet Banking or Mobile Banking credentials. Choose 'New User' to create a new user account. Please contact us for assistance." Below this text are three buttons: "Existing User", "New User", and "Change Password". The "New User" button is highlighted with a red circle.

The following screens will request personal information to connect mobile banking with personal information associated with your Legacy Bank accounts. Enter the information requested on this screen and a new screen will appear with personal questions that only you should know the answers to. Answer those questions correctly and you will be done! If you have any questions please call Legacy Bank (515) 967-5141.

The screenshot shows a mobile application window titled "Mobile Registr..." with a close button (X) in the top right corner. Below the title bar, there is a section header "* Required Fields". Underneath is a form titled "Basic Information" with the following fields:

- Create Username (No Special Characters):*
- Create Password:*
- Confirm Password:*
- First name:*
- Middle initial:
